ADDITIONAL INFORMATION	
Additional information:	This Association was established by citizens with the aim of pursuing their common interest. The main goal of the organization is to encourage and develop social innovations and businesses as a response to crucial and urgent societal challenges, including the development of an eco-system of social innovations containing different public, private, academia and non-governmental actors and thus creating a socially, economically and ecologically sustainable society. Additionally: • raising awareness about the importance of (social) innovations and businesses (social entrepreneurship) through promotion, organization and implementation of events, seminars and other types of innovative activities • capacity building of individuals, especially youngsters, for the development of social innovations and businesses • capacity building of organizations for development of (social) innovations • establishing cooperation with various international actors for the purpose of sharing experiences in the field of social innovation and social entrepreneurship • connecting all actors of the eco-system of social innovations and providing assistance for their cooperation • implementation of projects which contribute to regional development in a socially, economically and ecologically sustainable manner • lobbying for social innovations
